

Vehicle Rescue: Operations Level (VROL)

With Dave Norberg

At Findley Lake Fire Department, 10372 Main Street, Findley Lake

Provides hands-on training in motor vehicle rescue and extrication techniques while stressing the need for scene safety and vehicle stabilization. It includes rescue theory, rescue life cycle, new technology in automotive design and rescue tools and their uses.

Designed for: All emergency response personnel

Course Length: 18 hours

Prerequisites: None

Course #: 01-04-0086

Units: 5

All Students must attend Sunday, October 6, 2019 from 9am until 4pm. This will cover units 1 & 2.

The instructor will then split the class in half and some will take the next 3 units on Sunday, October 13, 2019 and the other half will take the next 3 units on Sunday, October 20, 2019. You will not choose your date so please make sure you are available on either date. These 3 units will begin at 9:00am and will end at approximately 8pm.

[To Register go to www.chautcofire.org](http://www.chautcofire.org)

****Students are required to bring a Training Authorization Letter****

Students needing to withdraw from the class should notify
the Office of Emergency Services.
